STATE OF MONTANA ADMINISTRATOR OF GROUNDWATER CODE OFFICE OF STATE ENGINEER

DECEIVED

Notice of Appropriation of Groundwater

(Under Chapter 237, Montana Session Laws, 1961) STATE ENGINEER

| | 44 |
|----------|--|
| | (Name of Appropriator) (Address) (Town) |
| | County of Tellowstone State of Montaria intend : 3F |
| | propriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961. |
| | The beneficial use to which water is to be applied is in irrigation and domestic. |
| | Southwest quarter southwest quarter FT SE 1/4 and SW 1/4 SECT 23 |
| | (describe lands to be benefited, if for irrigation) |
| | The rate of use in gallons per minute or miner's inches of groundwater claimed. 150 |
| | |
| | miner's inches. |
| | The annual period (inclusive dates) of intended use Farly May to late October |
| | |
| • | The probable or intended date of first beneficial use Probably 1963 |
| | The probable or intended date of commencement and completion of the well* or wells* |
| | Hope to complate during 1962 or early 1963. |
| | INDUSTRIA CONTRACTION OF A CONTRACT TO SECURITY TO SEC |
| | |
| • | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. case probably about 30' deep or much deeper is necessary to get proper flow. |
| - | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. care |
| | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. care probably about 30' deep or much deeper is necessary to get proper flow. The probable or estimated depth of the water table or artesian aquifer Artesian water |
| | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. case probably about 30' deep or much deeper is necessary to get proper flow. The probable or estimated depth of the water table or artesian aquifer Artesian water 1300'. |
| | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. care probably about 30' deep or much deeper is necessary to get proper flow. The probable or estimated depth of the water table or artesian aquifer Artesian water |
| • | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. case probably about 30' deep or much deeper is necessary to get proper flow. The probable or estimated depth of the water table or artesian aquifer Artesian water 1300'. |
| | The location, type, size and depth of well or wells contemplated 1 well 12" Dia. care probably about 30' deep or much deeper is necessary to get proper flow.
